Flat Zip Pouch — Steps (Concise)

1. Materials: 20 cm #3 nylon zipper; exterior + lining fabrics; optional interfacing; matching thread.
2. Cut: Exterior 22×14 cm (2); Lining 22×14 cm (2); Interfacing 20×12 cm (2, opt.); Tabs 4×3 cm (2); Strap 1×10 cm (1).
3. Prep zipper: Fold short ends of tabs to center, then in half; encase zipper ends; stitch (~2.5 cm finished tabs).
4. Interface exteriors (opt.), keeping 1 cm seam allowance free.
5. Install zipper sandwich; stitch with zipper foot. Flip and topstitch 2–3 mm. Repeat other side.
6. Open zipper halfway. Exteriors RST, linings RST; align seams; stitch around, leaving 7 cm gap in lining (1 cm from zipper).
7. Optional box corners: mark 2.5 cm squares; cut; pinch and stitch for ~5 cm base.
8. Turn through lining gap; press corners; close gap (edge stitch or ladder stitch).
9. Final press; finished size ~20×12 cm. Add wrist strap to zipper pull if desired.

Tips: Align grain; 2.5 mm stitch length; baste zipper first if new to zippers.
