

Finished size: ~20 cm x 12 cm
Seam allowance: 1 cm included in all measurements
Zipper: 20 cm nylon coil (#3)

ouch — Templates & Scale

50 mm scale check

1. Materials: 20 cm #3 nylon zipper; exterior fabric; lining; optional light interfacing; matching thread.
2. Cut: Exterior 22×14 cm (2); Lining 22×14 cm (2); Interfacing 20×12 cm (2, optional); Zipper tabs 4×3 cm (2).
3. Prep zipper: Fold short ends of each tab to center, then in half; encase zipper ends; stitch ~2.5 cm from ends.
4. Interface: Fuse interfacing centered on wrong side of exterior pieces (leaving 1 cm SA free).
5. Install zipper (zipper sandwich): Place exterior right side up, zipper face down along top edge, lining right side down; stitch ~2.5 cm from zipper teeth.
6. Flip and topstitch 2–3 mm from edge; repeat for other side with second exterior + lining.
7. Form pouch: Open zipper halfway. Place exteriors RST and linings RST; align seams; pin/clip.
8. Stitch around, leaving a 7 cm gap in lining bottom; 1 cm SA; backstitch at start/end; pivot at corners.
9. Box corners (optional): Mark 2.5 cm squares in each corner; cut; pinch and stitch to create depth (~5 cm).
10. Turn right side out through lining gap; poke corners; press.
11. Close lining gap with close edge stitch or ladder stitch.
12. Final press; enjoy. Finished ~20×12 cm. Attach wrist strap to zipper pull if using.

Tips: Align grain; use 2.5 mm stitch length; baste zipper first if new to zippers.
